Wi-Fi services

With a view to offering secure wireless Wi-Fi connections to its visitors and staff, Hcéres has been a member of the Eduroam network since 2016 and makes a captive “guest” portal available on its premises.

Eduroam Network

The mobility service for the RENATER community (Eduroam) provides secure wireless Internet access for staff in higher education institutions when they are travelling to an Eduroam member institution.

Captive “guest” portal

Hcéres offers its visitors a Wi-Fi service providing all Internet access functions.
