What are the duties of the [President]?

The President of the Board leads the High Council for Evaluation of Research and Higher Education. He is responsible for Hcéres staff and is the authorising officer in charge of income and expenditure.

He ensures that evaluations are impartial, reliable and transparent.

He appoints experts, the General Secretary, department managers and the Director of the Observatory of Science and Technologies.

He signs decisions concerning the validation of evaluation procedures and attests to their compliance with ethical and professional standards and with validation rules adopted by the Board.

He countersigns evaluation reports prepared by expert committees and signed by their presidents.
